PROXY STATEMENT

General

Our Board of Directors is soliciting the enclosed proxy in connection with our 2008 Annual Meeting of Stockholders to be held on February 28, 2008, as well as in connection with any adjournments of that meeting. Our post office address is Sanderson Farms, Inc., P. O. Box 988, Laurel, Mississippi 39441.

Even if you submit a proxy, you may still attend the annual meeting in person, and you may revoke your proxy by voting in person at the meeting. You may also revoke your proxy before it is voted at the meeting in any of the following ways:

by filing with our Corporate Secretary a written notice of revocation;

by submitting to our Corporate Secretary a properly completed and signed proxy dated a later date; or

by re-voting by Internet or by telephone before 11:59 PM on February 27, 2008 using the instructions contained in the enclosed materials, if telephone or Internet voting is available to you.

Unless you revoke your proxy, it will be voted at the meeting according to your instructions, as long as you have properly completed and submitted it to us. If you properly complete and submit a proxy but you do not specify how your proxy should be voted, then the proxy will be voted FOR each of the proposals listed in the Notice of Annual Meeting of Stockholders that appears on the preceding page.

Our Chief Financial Officer will vote all proxies in his discretion on all other matters that may properly come before the meeting. As of the date of this Proxy Statement, we have not received notice and we are not aware of any business to be transacted at the meeting other than the matters that are listed in the notice and are described in this Proxy Statement.

If you hold shares of our common stock in your broker's name (sometimes called street name or nominee name), then you must provide voting instructions to your broker. If you do not provide instructions to your broker, your shares will not be voted on any matter on which your broker does not have discretionary authority to vote for you. A vote that is not cast for this reason is called a broker non-vote. We will treat broker non-votes as shares present for the purpose of determining whether a quorum is present at the meeting, but we will not consider them present for purposes of calculating the vote on a particular matter, nor will we count them as a vote FOR or AGAINST a matter or as an ABSTENTION on the matter.

We are paying the cost of soliciting the proxies.

Our 2007 Annual Report accompanies this Proxy Statement, but is not to be considered a part of the proxy solicitation material. The record date for the Annual Meeting is January 8, 2008. These materials are being mailed to stockholders on or about January 25, 2008.

Capital Stock

Our authorized capital stock consists of 5,000,000 shares of non-voting preferred stock, of which 500,000 shares have been designated Series A Junior Participating Preferred Stock, par value \$100.00 per share, none of which shares have been issued, and 100,000,000 shares of voting Common Stock, par value \$1.00 per share, of which 20,759,376 shares had been issued and were outstanding as of January 8, 2008, the record date for the Annual Meeting. Only stockholders of record at the close of business on such date are entitled to notice of and to vote at the Annual Meeting. Each such stockholder is entitled to one vote for each share of common stock held at that date.

Table of Contents**Beneficial Ownership**

The following table sets forth information, as of January 8, 2008, concerning (a) the only stockholders known by us to own beneficially more than 5% of our outstanding common stock, which is our only class of voting securities outstanding, (b) the beneficial ownership of common stock of our executive officers named in the Summary Compensation Table below, and (c) the beneficial ownership of common stock by all of our directors and executive officers as a group.

The report states that it was also filed on behalf of NFJ's investment advisory clients or discretionary accounts.
- (8) Includes an aggregate of 142,628 shares allocated to the accounts of all Directors and executive officers, as a group (15 persons, 4 participating) under the ESOP. See note (2) above.
- (9) Less than 1%.

ELECTION OF DIRECTORS

Our amended Articles of Incorporation provide that our Board of Directors shall be divided into three classes (Class A, Class B and Class C), with each class containing one-third, or as close to one-third as possible, of the total number of directors, and that the total number of directors shall be fixed by the Board of Directors in the By-laws. The Board of Directors has fixed the number of directors at fifteen, resulting in there being five director positions in each class. One board position is currently vacant. At each annual meeting of stockholders, directors constituting one class are elected for a three-year term. At the 2008 Annual Meeting, stockholders will elect five Class A Directors, whose terms will expire at the 2011 Annual Meeting. One vacancy for a Class B Director will remain following the 2008 Annual Meeting.

The address of each director is Post Office Box 988, Laurel, Mississippi 39441.

Table of Contents**Nominees for Class A Directors**

The Board of Directors proposes for election as Class A Directors the five nominees listed below, each to serve as a Class A Director until the 2011 Annual Meeting or until his or her successor is elected and has qualified. Any vacancy on the Board of Directors may be filled either by the Board of Directors or by the stockholders, and the term of any director elected to fill a vacancy will expire at the next stockholders' meeting at which directors are elected.

Proxies in the enclosed form may be voted for the election as Class A Directors only of the nominees named below or of substitute nominees who may be named by the Board of Directors to replace any of the nominees who become unavailable to serve for any reason. No such unavailability is presently known to the Board of Directors. There are no arrangements or understandings relating to any person's service or prospective service as a Class A Director of the Company. No person listed below will be elected as a Class A Director unless such person receives the affirmative vote of the holders of a majority of the shares entitled to vote and represented (whether in person or by proxy) at the Annual Meeting at which a quorum is present. If more persons than the number of directors to be elected receive a majority vote, then those persons receiving the highest number of votes will be elected. The Proxyholder named in the accompanying proxy card will vote FOR the nominees listed below (or substitutes as stated above) unless otherwise directed in the proxy. Abstentions by holders of shares entitled to vote and represented at the meeting will be counted as shares present but not voting for the purposes of calculating the vote with respect to the election of Class A Directors. Broker non-votes will be treated as not present for purposes of calculating the vote with respect to the election of the Class A Directors, and will not be counted either as a vote FOR or AGAINST or as an ABSTENTION with respect thereto.

The following table lists the nominees for Class A Directors and shows, as of January 8, 2008, their respective beneficial ownership of common stock of the Company.

Nominees for Class A Directors	Age	Director Since	Shares Beneficially Owned(1)	Percent Of Class

Principal Occupations and Certain Directorships

The following paragraphs identify the principal occupations of all continuing directors and nominees of the Company and directorships they hold in other companies with securities registered with the Securities and Exchange Commission. Except as otherwise indicated, each director has served for at least five years in the position shown.

Table of Contents

John H. Baker, III has been the sole proprietor of John H. Baker Interests, a real estate and development company in Houston, Texas, since 1968.

Fred Banks, Jr. has been a partner in the General Litigation Group in the Jackson, Mississippi office of the law firm of Phelps Dunbar LLP since 2001. From 1991 to 2001, he was a Justice of the Mississippi Supreme Court, and at the time of his retirement from the court in 2001, he was serving as Presiding Justice. Prior to serving on the Mississippi Supreme Court, Mr. Banks served as a Circuit Judge in Hinds and Yazoo Counties, Mississippi for six years. From 1976 until 1985, he served in the Mississippi House of Representatives.

John Bierbusse was employed by Duff and Phelps, Inc. from 1981 to 1987, and by A.G. Edwards from 1987 to 2004. Mr. Bierbusse served as Assistant Manager, Securities Research between 1999 and 2002 at A.G. Edwards, and as Manager, Research Administration from 2002 until his retirement in 2004. Mr. Bierbusse served on the New York Stock Exchange's Series 16 Test Committee from 2002 to 2007 and on the New York Stock Exchange's Research Analyst Qualification Examination Committee from 2003 to 2007. Mr. Bierbusse has been a Chartered Financial Analyst since 1987, and is currently retired.

Lampkin Butts served from 1996 to 2004 as Vice President-Sales for the Company. On October 21, 2004, Mr. Butts was elected President and Chief Operating Officer of the Company. Mr. Butts is a member of the Company's Executive Committee, which is a management committee, not a committee of directors.

D. Michael Cockrell has served, since 1993, as Treasurer and Chief Financial Officer for the Company. Prior to 1993, Mr. Cockrell was a shareholder and member of the law firm Wise Carter Child & Caraway, Professional Association, of Jackson, Mississippi. Mr. Cockrell is a member of the Company's Executive Committee, which is a management committee, not a committee of directors.

Toni D. Cooley has served as president of Systems Consultants Associates, Inc., a management training and consulting firm established with the express purpose of assisting Jackson, Mississippi-based minority firms with capacity building, since 1993. Ms. Cooley has also been president of Systems Electro Coating, LLC, a tier one supplier to Nissan of electro coated frames and other vehicle components, since 2001. Ms. Cooley is also co-owner of Systems IT, Inc., a new horizon computer learning center in Jackson, Mississippi. From 1992 to 1993, Ms. Cooley worked as an International Contract Administrator for the international sales team of the former Turner Broadcasting Systems.

Beverly Hogan has served, since May 2002, as President of Tougaloo College in Jackson, Mississippi. Prior to becoming President of Tougaloo College, Ms. Hogan served for one year as Interim President. Prior to that, she served for ten years as a Commissioner for the Mississippi Workers Compensation Commission.

Robert C. Khayat has served as the Chancellor of the University of Mississippi since July 1995. Prior to that time he served the University in various capacities, including as professor of law at the University of Mississippi School of Law from 1982 to 1995. Mr. Khayat serves on the Board of Directors of Mississippi Power Company, a subsidiary of The Southern Company, and Mississippi Valley Title Insurance Company.

Phil K. Livingston served as President and Chief Executive Officer of Citizens National Bancshares, Inc. in Hammond, Louisiana, from its organization in 1983, until its merger into Deposit Guaranty Corporation on May 19, 1995. Mr. Livingston retired in 1998, but served as a banking consultant to AmSouth Corporation from his retirement until 2001.

Dianne Mooney served as Senior Vice President of Southern Living at Home, a direct sales division of Southern Progress Corporation, from 1999 until her retirement in 2007. She founded Southern Living at Home in 1999. Prior to that time, she was an employee of Southern Progress Corporation for over thirty years in various positions, including Vice President of Business Development and Vice President of Custom Publishing.

Table of Contents

Gail Jones Pittman has served, since its founding in 1979, as Chief Executive Officer of Gail Pittman, Inc., an entrepreneurial business creating individually hand-painted, semi-vitreous china dinnerware and home accessories. It is located in Ridgeland, Mississippi.

Charles W. Ritter, Jr. served, from 1967 to 2002, as President and a Director of the Attala Company, which is principally engaged in the business of milling and selling feed and corn meal. He now serves as a management consultant to the Attala Company. He has also served as President of JRS, Inc., a family owned real estate investment firm, since 1973. Mr. Ritter is a director of First M & F Corp. and Merchants & Farmers Bank, Kosciusko, Mississippi, and chairs the audit committee of First M & F Corp.'s Board of Directors.

Joe F. Sanderson, Jr. served as President of the Company from November 1, 1989 to October 21, 2004, and has served as Chief Executive Officer since November 1, 1989 and as Chairman of the Board of Directors since January 8, 1998. Mr. Sanderson continues to serve as Chief Executive Officer and Chairman of the Board of Directors. Mr. Sanderson is a member of the Company's Executive Committee, which is a management committee, not a committee of directors.

Rowan H. Taylor served as President of Mississippi Valley Title Insurance Company from 1975 until 1989, and as Chairman of the Board and Chief Executive Officer of that company from 1989 until 1992. Until December 1, 2001, Mr. Taylor served as counsel to the Jackson, Mississippi law firm of Alston & Jones. Mr. Taylor served as an advisory director of Trustmark Corporation and Trustmark National Bank located in Jackson, Mississippi until his retirement from such position in 1995, and served as counsel for First American Title Insurance Company of Santa Ana, California until his retirement in 2002.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors has determined that the following directors are independent under the listing standards of The Nasdaq Stock Market: Ms. Cooley, Ms. Hogan, Ms. Mooney, Ms. Pittman, and Messrs. Baker, Banks, Bierbusse, Khayat, Livingston, Ritter and Taylor.

Board Meetings and Committees of the Board

During our 2007 fiscal year, the Board of Directors held 7 meetings, 2 of which were telephonic meetings. The Board of Directors strongly encourages all directors to attend the Company's annual meetings of stockholders, and all directors except Ms. Hogan attended the 2007 Annual Meeting. The Board of Directors has appointed three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. Each member of these committees is independent under the listing standards of The Nasdaq Stock Market. Every incumbent director attended at least 75% of the total of (i) all of the Board of Directors meetings held during the period for which he or she was a director and (ii) all of the meetings held by the committees of the Board on which he or she served (during the period in which he or she served).

The current charter of each committee of the Board of Directors is available in the Investor Relations section of our website at www.sandersonfarms.com.

Nominating and Governance Committee

The members of the Nominating and Governance Committee are Ms. Hogan, Ms. Mooney and Messrs. Banks, Livingston (Chair), Ritter and Taylor. The committee considers all director candidates recommended for election to the Board of Directors. It also recommends all compensation paid to our non-employee directors, leads the Board in its annual self-evaluation and from time to time makes recommendations concerning our corporate governance policies. In fiscal 2007, the Committee met 3 times.

Table of Contents

As noted above, the Nominating and Governance Committee considers potential nominees for director proposed by its members, members of the Board of Directors, our stockholders or management. Stockholders who are not also members of our Board of Directors or management should submit notice of their proposed nominees for director in writing to the Nominating and Governance Committee at the Company's general offices. That address is Post Office Box 988, Laurel, Mississippi 39441.

Stockholders should include the following information in their written notice:

The stockholder's name and address;

A representation that the stockholder is a holder of record or a beneficial owner (in which case evidence of such beneficial ownership must be submitted if requested by the Nominating and Governance Committee) of shares of the Company's common stock as of the date of the notice;

The name, age, business and residence addresses, and principal occupation and experience of each proposed nominee;

Such other information regarding each proposed nominee that the stockholder wishes the Nominating and Governance Committee to consider;

The consent of each proposed nominee to serve as director of the Company if elected; and

A representation signed by each proposed nominee that states that such proposed nominee meets all of the qualifications set forth in Article IV of our bylaws, which requires that directors must be at least 21 years old and citizens of the United States.

Persons wishing to propose nominees for consideration at our annual meeting of stockholders must submit notice of their proposed nominee to the Nominating and Governance Committee no later than September 15 of the year prior to the annual meeting.

Anyone proposing nominees to the Nominating and Governance Committee should consider the minimum qualifications, skills and qualities that the Nominating and Governance Committee believes are necessary for a director of the Company, as follows:

significant business experience in production, preferably related to agriculture, or in marketing, finance, accounting or other professional disciplines;

prominence and a highly respected reputation in his or her profession;

a global business and social perspective;

a proven record of honest and ethical conduct, personal integrity and good judgment;

concern for the long-term interests of our stockholders; and

significant time available to devote to Board activities and to enhance his or her knowledge of our industry.

The Nominating and Governance Committee may interview candidates for nomination for election as director who are not incumbent directors. The Nominating and Governance Committee may elect to invite members of our management to participate in the interviews. When all interviews are complete, the Nominating and Governance Committee votes to determine a slate of nominees to be submitted to the Board of Directors. The Nominating and Governance Committee uses the same process to evaluate potential nominees proposed by stockholders as it uses to evaluate any other potential nominee.

Table of Contents

Nothing in the committee's policies will prevent a stockholder from nominating persons for election as directors from the floor at any annual or special meeting of stockholders called for that purpose by following the advance notification procedures set forth in Article III, Section 9 of our bylaws. These procedures are described under STOCKHOLDER PROPOSALS, Procedure in this Proxy Statement.

Audit Committee

The members of the Audit Committee are Ms. Pittman and Messrs. Baker, Bierbusse, Livingston, and Ritter (Chair). The committee, among other things, appoints or replaces the independent auditors, reviews the scope of the independent auditors' audit, reviews our major accounting and financial reporting policies and practices and systems for compliance with applicable statutes and regulations, and reviews our internal auditing functions. The Audit Committee held 8 meetings during fiscal 2007, three of which were telephonic meetings.

Audit Committee Report

To the extent provided by Item 7(d)(3)(v) of Regulation 14a-101 of the Securities and Exchange Commission (SEC), this section shall not be deemed to be proxy soliciting material or to be filed with the SEC or subject to its proxy regulations or to the liabilities imposed by Section 18 of the Exchange Act.

The Audit Committee has reviewed and discussed the audited financial statements with management, and the Audit Committee has discussed with the independent auditors the matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards). SAS 61 requires the independent auditor to provide the Audit Committee with information regarding the scope and results of an audit that may assist the Audit Committee in overseeing management's financial reporting and disclosure process. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with the independent accountants the independent auditors independence. Based on the review and discussions referred to above, the Audit Committee recommended that the audited financial statements for the fiscal year ended October 31, 2007 be included in our Annual Report on Form 10-K for that fiscal year for filing with the SEC.

The Audit Committee:

John H. Baker, III

John Bierbusse

Phil K. Livingston

Gail J. Pittman

Charles W. Ritter, Jr. (Chair)

Compensation Committee; Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Ms. Cooley, Ms. Hogan, Ms. Pittman and Messrs. Baker, Bierbusse, Khayat, Livingston (Chair), Ritter and Taylor. The committee develops and recommends the philosophy, components, levels and terms of our executive compensation. In fiscal 2007, the Compensation Committee met 4 times. The committee's processes and procedures for the consideration and determination of executive pay, as well as the role of management and outside consultants in that process, are more fully described in the EXECUTIVE COMPENSATION section, below.

During fiscal 2007, none of the members of the Compensation Committee was an officer or employee of the Company and no member of the committee is a former officer of the Company. In addition, during fiscal 2007, none of our executive officers served on the board of directors of any entity whose directors or officers served on our board of directors.

Communications Between Stockholders and the Board of Directors

The Board of Directors has adopted a formal procedure that stockholders may follow to send communications to the Board of Directors. Stockholders may send communications to the Board by writing to:

Internal Audit Department
Sanderson Farms, Inc.
P. O. Box 988
Laurel, MS 39441-0988

Stockholders desiring to send a communication to the full Board of Directors should mark the envelope Attention: Board of Directors. Envelopes intended for a committee of the Board should be marked to the attention of the particular committee. Stockholders may also communicate with directors who are independent directors under the rules of The NASDAQ Stock Market by marking the envelope Attention: Independent Directors at the address given above.

We will forward all communications we receive as addressed on a quarterly basis, unless management determines by individual case that a communication should be forwarded more promptly. However, any stockholder communication concerning employee fraud or accounting matters will be forwarded as addressed, with a copy to the Audit Committee, immediately upon receipt.

Review and Approval of Certain Transactions

The Audit Committee's charter charges it with reviewing on an on-going basis certain transactions between the Company and its directors, officers, major stockholders and certain other persons for conflicts of interest. The types of transactions that are subject to this review are those related party transactions that must be disclosed in our proxy statement under the rules of the SEC. The Audit Committee must recommend to a special committee of qualified, independent directors whether or not the transaction should be approved. The special committee may retain independent legal, accounting or other advisors to advise it in this process. During our 2007 fiscal year, there were no transactions between the Company and related persons that required review by the Audit Committee or that required disclosure in this proxy statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and persons who own more than 10% of our outstanding common stock to file with the SEC reports of changes in their ownership of our common stock. Officers, directors and greater than 10% stockholders are also required to furnish us with copies of all forms they file under this regulation. Based solely on a review of written information provided by these persons, our officers, directors and greater than 10% stockholders are in compliance with all Section 16(a) filing requirements, except that Mr. Butts filed a late Form 4 on December 28, 2006 reporting his acquisition of 221 shares of common stock through the Company's Management Stock Purchase Plan on November 28, 2006 in lieu of receiving part of a cash bonus.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

This Compensation Discussion and Analysis (CD&A) describes our compensation philosophies, factors considered in developing our compensation packages and the decision-making process followed in setting compensation for our Named Executive Officers during our 2007 fiscal year. It should be read in conjunction with the tables and accompanying narratives that follow. Other than our principal executive officer and principal financial officer, there are only two individuals at our Company who meet the definition of executive officer under SEC rules, and therefore our four executive officers are our only Named Executive Officers under the SEC's proxy statement rules. They are: Joe F. Sanderson, Jr., Chairman of the Board and Chief Executive Officer (CEO);

Lampkin Butts, President and Chief Operating Officer (COO);

D. Michael Cockrell, Treasurer and Chief Financial Officer (CFO); and

James A. Grimes, Secretary and Controller (Secretary).

The goal of this CD&A is to describe our executive compensation philosophies and programs with transparency and clarity. Our Compensation Committee met several times during the year and retained Watson Wyatt & Company as its independent executive compensation consultant. We believe that our executive compensation programs reflect our Company's philosophy and are effective in retaining and motivating our current executives and, should the need arise, will allow us to attract top management candidates.

Sanderson Farms has had a pay-for-performance culture since its early days. We expect top performance from our people every year and are willing to pay for that success. Accordingly, a substantial part of the compensation package for each Named Executive Officer is at risk and is only earned if performance so warrants. In addition to base salary, we offer our Named Executive Officers the opportunity to earn an annual bonus if certain performance goals are met, and we also grant long-term incentives to our Named Executive Officers to align their pay with the long-term success of our Company. Our long-term incentives are primarily performance-based, but also have a time-based element to assist us in retaining our management team. We encourage our Named Executive Officers, other members of management and our Board of Directors to follow our stock ownership guidelines. In addition, our executives participate in our Employee Stock Ownership Plan and can elect to participate in our Management Share Purchase Plan, which further aligns them with our stockholders.

We use a peer group and appropriate published surveys (based on appropriate industry and revenue size comparisons) to set compensation levels. We do not target our compensation levels at any particular point in the range established by data we gather, but we do consider the median of those markets as a general guide, along with a multitude of other factors, in setting our pay opportunity. However, with above-target performance, our Named Executive Officers can earn above-market pay.

For purposes of our annual bonus award plan, we measure operational performance using Agristats, a private industry benchmarking service that analyzes performance data submitted weekly by a significant majority of the poultry industry, and through earnings per share. Even if we meet the operational and earnings per share targets, executives will not receive payments under the bonus award plan unless we also meet a return on equity threshold. For our long-term performance share plan, we measure performance by return on sales and return on equity, and our stock price also factors into the final amount of the award to the Named Executive Officers.

In light of our performance in fiscal 2006, the CEO, COO and CFO requested that the Committee not recommend a merit salary increase to any of those officers for fiscal 2007. Our operational and earnings per share performance improved during fiscal 2007, and we paid incentives under the bonus award plan near target levels.

Table of Contents

There are three long-term performance share cycles currently in place under our long-term performance share plans, and the payouts, if achieved, will occur in 2008, 2009, and 2010.

Finally, our CEO has at his request received no equity awards under the long-term incentive program since March 2005 and has indicated to the Committee and the Board of Directors that he does not intend to accept any additional grants of stock under the incentive plan for the present time.

Principles and Objectives of the Executive Compensation Program

The Compensation Committee develops and recommends to the Board of Directors the overall compensation philosophy at Sanderson Farms. The main objectives of our executive compensation programs have been to reward outstanding performance by our executives appropriately and to ensure that management and stockholder interests are closely aligned. Although we generally strive to appoint executives from within our Company, our compensation programs assist us in attracting outside talent and in motivating and retaining key management. As discussed above, our compensation plans link executive compensation levels with the performance of our Company on both a long-term and short-term basis. A significant portion of our executive compensation opportunity is related to factors that directly and indirectly influence stockholder value, including stock performance, earnings per share, operational performance, return on sales and return on equity.

A significant factor in the Committee's and the Board's decisions to make equity-based awards to our executives is stockholder dilution, and the Committee and the Board strive to minimize the dilutive effect of those awards on our stockholders.

Management, the Board of Directors and the Compensation Committee recognize that our business is cyclical, and often times the level of profitability we achieve is significantly influenced by factors beyond our control. These factors include swings in the market prices for our primary product, fresh chicken, and our two primary input costs, corn and soybean meal. Accordingly, the Compensation Committee believes it is important to measure and reward outstanding performance as much by operational performance relative to our peers as in absolute dollars per share and other typical measuring tools. This concept of placing significant emphasis on operational performance relative to our peers permeates our overall compensation plans and philosophy.

The Committee intends to continue its strategy of recommending compensation programs that emphasize performance-based incentive compensation. We have structured our executive compensation packages with an understanding of the cyclical nature of our business, and in an effort to achieve an appropriate balance between our short and long-term performance, and also a balance of emphasis between our operational performance versus the industry and our financial performance on the one hand, and stockholder return on the other.

Benchmarking and Competitive Analyses

The Committee uses information gathered by analyzing the compensation levels and programs of a peer group and, in some cases, composite survey data compiled from companies of appropriate size and industry (although the survey data does not specifically identify contributing companies). The peer group serves as the chief point of comparison of the level and structure of executive pay, and is composed of companies similar to Sanderson Farms in size, industry, geographic location and/or performance. In setting our compensation levels and package for fiscal 2008, the Committee also created a reference group of direct competitors that are considerably larger than Sanderson Farms to serve as a comparator for components of executive pay, but not for pay levels. Selection of the peer and reference groups was based on the research of Watson Wyatt, with input from the Committee, the CEO, and the CFO.

The comparator groups yield information about the general level and components of pay for comparable executive positions at other companies. The Committee uses this information as a general guide in its deliberations, but it does not target our executive compensation levels at any point in the range established by the comparisons. Instead, the Committee bases its final decisions on its business judgment,

which may be influenced by the median level of that range, as well as a variety of other factors discussed below. The companies comprising the comparator groups for fiscal years 2007 and 2008 are shown below:

The Compensation Committee Process and the Role of Management and Compensation Consultants

Both management and the Compensation Committee recognize the importance of maintaining sound principles for the development and administration of compensation and benefit programs. Our Compensation Committee has taken steps to significantly enhance its ability to effectively carry out its responsibilities, as well as to ensure that the Company maintains strong links between executive pay and performance. Examples of actions that the Committee has taken in the past few years include:

Retained an independent compensation consultant, Watson Wyatt & Company, to advise on executive and director compensation issues.

Met regularly in executive sessions with the compensation consultant and legal and accounting advisors without Company management present; and

Made significant changes to our executive and director compensation programs, including:

Established a peer group for primary comparisons of the level and structure of executive and director pay;

Established a broader reference group of companies with a business environment similar to ours to assist in comparing the elements of executive and director compensation (not levels of pay);

Table of Contents

Suspended the Company's stock option program and developed a new long-term incentive program for executives designed to offer a variety of equity-based awards that are linked to stockholder value;

Implemented incentive programs to promote increased Company stock ownership by management and non-employee directors;

Instituted share ownership guidelines for both management and non-employee directors;

Undertaken a formalized annual review of executive compensation packages with advice from the compensation consultant in light of market standards, company and industry performance and individual merit;

Narrowed the competitive gap between our executive pay program and those of our peers by increasing cash compensation to market levels and designing performance-based equity incentives to yield an average payout of approximately 74% of target awards over a multi-cycle period, assuming strong performance; and

Brought the mix of the CEO's cash compensation closer to marketplace standards by increasing his maximum performance-based bonus award opportunity from 100% to 150% of his base salary.

The Committee has the sole authority to retain or terminate Watson Wyatt (or any other compensation consultant) and to approve the consultant's fees and other terms and conditions of its engagement. The Committee engages Watson Wyatt from time to time to review particular compensation questions at issue. Typically, the Committee chairman meets with representatives from Watson Wyatt at the outset of any engagement to discuss the Committee's goals and objectives and to outline the parameters of the review that Watson Wyatt will undertake. The CFO is generally present for those meetings as a liaison with management, and Watson Wyatt uses the CFO to gather internal information necessary for its work. The Committee chairman also corresponds with Watson Wyatt directly during an engagement as questions arise. Because the CEO is the Committee's chief source of information about the overall performance of the Company and of senior management, the Committee or its chairman may also meet privately with the CEO to inform him of the Committee's thinking on any particular issue and to get his feedback and recommendations. Although the CEO has substantial influence on the Company's compensation and could contact or meet with Watson Wyatt or the Committee if he chooses, he is, usually, not directly involved in the Committee's decision-making process or in meetings with Watson Wyatt.

When compensation questions arise for the Committee's or the Board's consideration, management is generally present for Watson Wyatt's presentations and to answer any questions by directors. However, when the Committee meets to consider and recommend levels and components of compensation, management is ultimately excused from the meeting to permit the Committee to meet with Watson Wyatt and legal and accounting advisors in executive session and to vote. The Committee may ask the CEO to be present for the deliberations on the compensation of the other Named Executive Officers, but he is excused from the deliberations and vote on his own compensation.

Our management retained Watson Wyatt in 2006 to review our overall pay structure for our salaried employees. The Committee pre-approved that engagement. Since that time, Watson Wyatt has not been engaged to do any work for management, but any future engagements would be subject to the Committee's approval and the Committee would take measures to ensure that the engagement does not impair Watson Wyatt's independence.

Table of Contents

Elements of Executive Compensation

The compensation of our executive officers consists of the following elements:

Base Salary

Annual cash incentive (bonus) awards

Long-term equity incentive awards, including:

Restricted Stock

Performance Shares

Stock Options

Management Share Purchase Rights

In-Service and Post-Employment Benefits

Perquisites

The Committee has recommended these elements of compensation to create a flexible package that reflects the cyclical nature of the poultry business and can reward both the short and long-term performance of the Company and the individual. Each item of compensation is considered individually, followed by consideration of the overall package, with the goal of treating executives equitably and rewarding outstanding performance. The Committee also considers how our executive pay compares to the peer and reference companies and to similar positions included in published survey data, with respect to both levels and components of total pay. The Committee and the Board do not consider the amounts realizable from prior compensation in setting future benefits.

The CEO's total compensation, as reported in the Summary Compensation Table below, was approximately 240% and 310%, respectively, higher than the total compensation for the COO and CFO because of his higher level of responsibility within our Company and his more pervasive influence over our performance. The compensation of the COO and CFO was likewise approximately 275% and 210%, respectively, higher than the Secretary's for the same reasons.

We have no employment or severance agreements with any of the Named Executive Officers.

Base Salaries

Salaries are used to provide a fixed amount of compensation for the executive's regular work. The Committee reviews and makes recommendations regarding the salaries of the Named Executive Officers annually in October, with input from the outside compensation consultant, and the Board makes final salary decisions at that time. Salary increases are based on an evaluation of Company performance, the individual's performance, and the individual's level of pay compared to the pay levels for similar positions in the peer group. Although the peer group suggests a range of competitive levels for base salaries, exact levels are recommended by the Committee based on each executive's merit. The Committee also takes into account years of service, responsibilities, our future growth plans and our current ability to pay.

As discussed above, the CEO, COO and CFO requested that the Committee not recommend a merit salary increase for those officers for 2007. The Secretary received a 5% merit increase for that year.

The effective date for merit increases typically is November 1 of each year. Salary increases can also occur upon an individual's promotion.

Table of Contents**Annual Cash Bonus Awards**

We maintain a non-discretionary bonus award plan under which our salaried employees, including the Named Executive Officers, are eligible for fiscal year-end cash incentive awards equal to a percentage of their base salary based on the Company's performance (Bonus Award Program). These awards are designed to reward short-term performance and the achievement of designated operational results. The total award a participant can receive has two components: a percentage based on our achieving certain target earnings per share goals, and a percentage based on our operational performance versus our industry peers as measured by Agristats.

The earnings per share targets established under the Bonus Award Program are set each year, and reflect our growth and ability to generate earnings. We have experienced significant growth in production capacity over the past 15 years, and our ability to generate earnings has likewise grown significantly. As a result, the earnings per share targets established under the Bonus Award Program have moved higher to reflect our increased earnings capacity. We have historically performed at or near the top of the industry in operational measures, and the targets set for operational goals under the Bonus Award Program reflect our culture and expectations of achieving superior performance relative to our peers. However, because of the cyclical nature of the industry, and because many factors that influence profitability are beyond the control of management, it is possible that even if we operate at the top of the industry, we still might not achieve an acceptable level of profitability. Therefore, unless we achieve at least an 8% return on average stockholders' equity (after taking into account any bonus to be paid), no payments are made under the Bonus Award Program even if the operational targets are reached, and payments are not cumulative.

Generally, we establish earnings per share targets by reference to our earnings per pound of poultry products sold during years of significant profitability. That is, the Committee reviews our earnings per pound in high performing years, and applies those per pound earnings to pounds we expect to produce and sell in the coming year. Through this exercise, the Committee obtains a dollar earnings target that is then translated to an earnings per share target for purposes of the Bonus Award Program. While the Committee recognizes that there are many factors beyond the control of management that might affect our ability to achieve these results, it attempts to make the program competitive by awarding a relatively high percentage of salary payouts in years in which we achieve these aggressive targets. Likewise, the Committee sets aggressive targets when setting operational goals. Unless we operate in the top 30% of the industry in terms of operating profit per head of chickens sold, no operational awards are made. For participants to earn the top bonus, we must operate in the top 10% of the industry.

The following table shows, for fiscal 2007, the percentage of base salary that the Named Executive Officers were eligible to receive from each component of the bonus award:

2007 Bonus Award Opportunities

Position	Bonus Opportunity as Percentage of Base Salary from EPS Component	Bonus Opportunity as Percentage of Base Salary from Operational Component
CEO	75%	75%
COO, CFO	50%	50%
Secretary	25%	25%

* Net of bonus and net of extraordinary, non-recurring income items not related to the fiscal year's operations. The per share return targets were calculated assuming 20,433,578 diluted shares outstanding.

To illustrate, our fiscal 2007 net earnings were \$3.88 per share, so the Named Executive Officers received 60% of the portion of their total bonus award that is based on earnings per share.

The following table shows, for fiscal 2007, the performance objectives based on our performance versus our industry peers as reported by Agristats and the corresponding percentages of the operational component of a participant's bonus award that could have been earned:

2007 Bonus Awards - Operational Performance Component

3	100%
4	66 2/3%
5	66 2/3%
6	33 1/3%
7	33 1/3%

For 2007, the Named Executive Officers received 33 1/3% of the portion of their total bonus award that is derived from operational performance.

Table of Contents

The following table shows, for the 2007 fiscal year, the maximum percentages of base salary that the Named Executive Officers could have received under the Bonus Award Program, the percentage actually received based on the actual Company's 2007 performance and the dollar amount of actual awards. The actual cash awards are also shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table that follows this Compensation Discussion and Analysis. For fiscal 2007, the performance criteria reflected a high level of difficulty for the Bonus Award Program participants given the volatility of the market for the Company's feed ingredients.

2007 Bonus Award Payments

Position	Maximum Bonus Award Opportunity as a Percentage of Base Salary	Percentage of Base Salary Actually Earned under Bonus Award Program	Dollar Amount of Actual Awards
CEO	150%	70.00%	\$ 649,040
COO	100%	46.67%	\$ 222,922
CFO	100%	46.67%	\$ 191,073
Secretary	50%	23.33%	\$ 47,463

Each January, the Committee reviews and reconsiders the Bonus Award Program, the maximum bonus opportunities, the performance criteria under the program and the earnings per share targets for the then-current fiscal year. As part of its review, it receives reports from the outside compensation consultant concerning the level of similar short-term cash incentives paid by the peer group companies. It also receives management's recommendations as to the appropriate targets for earnings per share and operational performance based on management's estimates of what would qualify as superior performance.

The Committee makes its recommendations to the Board of Directors, which generally adopts the program in January for the current fiscal year. The parameters of the program and the performance criteria are then communicated to the participants. Once the Board of Directors adopts the program, the bonus awards are determined solely according to the program criteria and are not subject to the discretion of the Committee or the Board. Bonuses earned for a completed fiscal year are usually paid in December following the fiscal year.

Long-Term Equity Incentive Awards

In 2005, upon the recommendation of the Board of Directors and the Committee, our stockholders approved a new Stock Incentive Plan covering employees and directors, which was then adopted by the Board. The Stock Incentive Plan was intended to replace the Company's Stock Option Plan that was amended and restated in 2002.

Equity-based compensation and ownership ensures that our executive officers and directors have a continuing stake in the long-term success of the Company. Generally, the Committee makes its recommendations regarding the grant of equity incentive awards to the Named Executive Officers and the amounts of those awards each October, after its annual evaluation of executive pay. The Board typically considers the Committee's recommendations in October, and the awards, if made, become effective in November at the start of the Company's new fiscal year.

Under the Stock Incentive Plan, the Board may grant restricted stock, performance shares, stock options, stock appreciation rights, phantom stock, management share purchase rights and other stock-based awards. Since its inception, awards to the Named Executive Officers under the plan have consisted of restricted stock, performance shares and management share purchase rights.

Table of Contents

When the Board of Directors adopted the Stock Incentive Plan, Watson Wyatt recommended that the Board of Directors grant performance shares to executives every year, and grant a combination of performance shares and restricted stock every other year. This combination ensures a predominance of performance-based awards while aiding in the retention of management with time-based vesting awards. The Committee has followed that recommendation to date.

The Committee, with input from Watson Wyatt, makes its recommendations as to specific grants by comparing the executive's current long-term incentive levels with the market range established by published survey and proxy data. Based on market studies, it then identifies a typical multiple that an individual's long-term incentives should represent with respect to his or her base salary. For the fiscal 2006, 2007 and 2008 incentive awards, the Committee identified the typical long-term incentive multiple of base salary to be 135% for the COO and CFO and 75% for the Secretary. (The CEO's multiple was 240%, but the CEO declined to participate in the program as mentioned above, and instead requested that the Board permit him to have additional vacation time.) This calculation yields a target annual long-term incentive award level that is then converted into a recommended number of shares to be awarded using the approximate stock price quoted on Nasdaq at that time. As discussed above, the Committee also bases its final decision as to the award level on factors such as individual merit, responsibilities, individual and Company performance, and the dilutive effect of the award on our stockholders.

Every other year, the Committee allocates the total recommended share award between performance shares and restricted stock. Awards to the COO and CFO are weighted more heavily toward performance shares than restricted stock, at a ratio of 75% to 25%, because those officers have more influence over the Company's overall performance than other participants in the plan. The Secretary's awards are generally allocated 65% to performance shares and 35% to restricted stock. At its meeting held October 25, 2007, the Committee awarded 2007 performance and restricted shares based on this formula.

All of our restricted stock and Management Share Purchase Plan agreements provide that stock awarded under those plans will become fully vested in the event of a change in control of our Company and upon certain other events, as described more fully in the Potential Payments Upon Termination or Change-in-Control section below. These provisions were adopted because they are customary for equity incentive awards of those types and because the Board of Directors deemed them to be reasonable and fair to our management. The potential payments under these provisions played no part in the Committee's decisions regarding other elements of our executive compensation.

Restricted Stock

Shares of restricted stock are a promise to pay to the recipients actual shares of Sanderson Farms stock at the end of a vesting period when the restrictions lapse. The COO, CFO and Secretary and certain other salaried employees of the Company received restricted stock as part of their long-term incentive award in December 2007 for the 2008 fiscal year, but no restricted stock was granted for the 2007 fiscal year.

At the time the Board of Directors adopted the Stock Incentive Plan in February 2005, the Company had not made any awards under the Stock Option Plan, or any other long-term incentive or equity-based awards, for almost three years. Therefore, in March 2005 on the recommendation of the Committee, the Board made extraordinary grants of restricted stock to the Named Executive Officers to bring their long-term incentive levels in line with market standards. The amounts granted were based on competitive annual long-term values as seen in published surveys, and adjusted to reflect a two-year period. This special grant vests, in general, on the tenth anniversary of the award, as long as the holder remains continuously employed by us during the restricted period. Subsequent grants of restricted stock made to the COO, CFO and Secretary in November 2005 and December 2007 for the 2006 and 2008 fiscal years, respectively, vest generally on the fourth anniversary of the award, as long as the holder remains continuously employed by us during the restricted period.

Table of Contents

Recipients of restricted stock have all the rights of a stockholder of the Company, including the right to receive dividends, beginning on the grant date. In the event a recipient forfeits shares of restricted stock before such shares vest, all dividends paid on such stock must be returned to the Company, and the shares are cancelled.

Performance Shares

Performance shares provide a material incentive to executives by offering potential increased stock ownership in the Company tied directly to our stockholders' return. The COO, CFO, Secretary and certain other salaried employees receive performance share grants as part of their long-term incentive awards. The performance share program entitles the holder to earn shares of Sanderson Farms common stock if we achieve certain relative levels of performance on stockholder return over the three years following the grant, as long as the holder remains continuously employed by us until the end of the performance period. The three-year performance period reflects the cyclical nature of the poultry business, and is designed, generally, to measure our performance over an industry cycle.

Performance shares carry no dividend or voting rights until they are issued after achievement of the performance objectives.

The Board awarded performance shares to the COO, CFO and Secretary on the recommendation of the Committee in November 2005, 2006 and 2007 for the 2006, 2007 and 2008 fiscal years, respectively. The Board of Directors may pay earned performance shares in cash, shares of Sanderson Farms common stock, or in a combination of both. Once the performance criteria are established and the awards are granted, the payment of earned shares is not subject to the discretion of the Board.

Performance share awards are made in a target amount of shares based on our average return on equity (which we call ROE) and a target amount based on our average return on sales (which we call ROS). The award establishes three possible non-discretionary percentages of those target amounts that the recipient could actually receive, depending on our actual performance measured at the end of the performance period. The fiscal 2007 awards are structured as follows:

2007 Performance Share Criteria

Measure	Weight	Threshold (50% Payout)	Target (100% Payout)	Maximum (150% Payout)
ROE	50%	12.9%	20.5%	28.8%
ROS	50%	4.0%	5.5%	7.2%

If our average ROE or average ROS is otherwise between the threshold and maximum percentages, the number of performance shares received will be calculated using a straight-line interpolation. If average ROE or ROS is less than the threshold, the recipient will not be entitled to receive any shares of the applicable target award.

The threshold level represents our median performance over the course of an historical 28 year-period. The target level represents the 65th percentile of performance during the historical measurement period and the maximum level represents the 83rd percentile. Average ROE is equal to the mathematical average of the net return on average equity for each of the three years in the performance period. Net return on average equity is computed by adding together stockholders' equity at the beginning and end of each fiscal year on our audited financial statements and dividing by two. The resulting number is then divided into net income for the fiscal year as reported on our audited financial statements to reach net return on average equity for the year. Average ROS is equal to the mathematical average of the net return on net sales for the three years in the performance period. Net return on net sales is computed by dividing net income by net sales, as both numbers are reported on our audited financial statements for the year.

After the fiscal 2006 and 2007 awards were granted, the Committee became concerned that the performance goals that were established for those awards were too demanding and would not result in competitive compensation levels over a multi-year period. Specifically, performance shares would have been earned 50% of the time over 26 three-year cycles of overall solid performance, with an average payout of only 52% of the target. Additionally, management considers the likelihood of shares being earned from the fiscal 2006 and 2007 grants to be remote. Therefore, in July 2007, the Committee recommended, based on an analysis by the compensation consultant, adjustments to the targets and other changes to better align pay with performance. The Board adopted the changes in July 2007 for future awards. The adjustments included:

Determining performance goals by averaging ROE and ROS historically over three-year periods, rather than using single year figures. This is consistent with the way actual performance for each cycle is determined.

Increasing the maximum payout from 150% to 200% of the target.

Shortening the historical measurement period by starting at 1989, when our current CEO took office, instead of 1978. This change reflects the organization's philosophy on expenses and capital investment.

As a result, the performance criteria for 2008 awards are structured as follows:

2008 Performance Share Criteria

Measure	Weight	Threshold (50% Payout)	Target (100% Payout)	Maximum (200% Payout)
ROE	50%	10.8%	12.7%	21.2%
ROS	50%	3.7%	3.9%	4.7%

Based on a study performed by Watson Wyatt, the Committee believes these changes will result in an average payout of approximately 74% over a 26-cycle period (assuming past performance is an accurate reflection of future performance), which is slightly below marketplace standards, yet will maintain a strong performance-oriented focus that is the hallmark of Sanderson Farms' compensation plans.

The performance share agreements and Bonus Award Program do not provide for the adjustment or recovery of an award or payout under those programs in the event that the performance measures on which they are based are restated or adjusted in a manner that would reduce the size of an award or payout. It is highly unlikely that the Committee or the Board would ever consider taking such action.

Stock Options

As discussed above, the Board may grant stock options under the new Stock Incentive Plan, but grants under the old Stock Option Plan have been suspended. However, at the time of the suspension, each of the Named Executive Officers retained outstanding, vested options granted under the Stock Option Plan. Outstanding stock options were granted at prices equal to the market price of our common stock on the grant date and vested in 25% increments annually beginning one year after the grant date. As of the end of our 2007 fiscal year, all outstanding stock options held by the Named Executive Officers had been exercised. To date, the Board has not granted any stock options under the new Stock Incentive Plan and it is not expected that the Committee will recommend or the Board will grant stock options in the near future.

Management Share Purchase Rights

In February 2005, upon the recommendation of the Committee, the Board adopted a Management Share Purchase Plan into which executive officers and other key employees may defer up to 15% of their annual base salaries and up to 75% of their bonuses earned under the Bonus Award Program. The deferred

Table of Contents

amounts are applied toward the purchase of restricted shares of Sanderson Farms common stock for the participants individual accounts at current market prices. The Company matches 25% of the employee's contribution to the plan to purchase additional shares. The shares purchased or granted through the plan generally vest on the third anniversary of their acquisition by the participant, as long as he or she remains continuously employed by us until that time. In fiscal 2007, the COO and the CFO were the only Named Executive Officers to participate in the plan. You can find more information about the plan in the narrative accompanying the Grant of Plan-Based Awards table, below.

In-Service and Post-Employment Benefits

As mentioned above, we believe strongly in aligning the interests of management with those of our stockholders. We were among the first in our industry to adopt an Employee Stock Ownership Plan, and each of the Named Executive Officers participates in the plan on the same basis as all of our other employees. Participants are automatically enrolled in the plan after one year of service and become fully vested after six years. We contribute funds to the plan in profitable years, and on October 31, 2007, we contributed \$5.75 million to the plan.

We also sponsor a 401(k) retirement plan that is available to all of our employees after one year of service. The Named Executive Officers participate on the same basis as all other employees. Eligible employees may contribute up to 15% of their salary to the plan on a pre-tax basis through payroll deductions. We began matching employee contributions to the plan in 2000, and will match 100% of an employee's contribution up to 3% of his or her salary, and 50% of such contribution that exceeds 3% but does not exceed 5% of his or her salary. Sanderson Farms common stock is not currently an investment option under the plan.

We also provide other benefits such as medical, dental and long-term/short-term disability (up to 66 2/3% of salary not exceeding \$270,000 per year in long-term disability payments) coverage, as well as vacation and other paid holidays. Beginning with our 2001 fiscal year, we began paying premiums on term life insurance policies for all employees who participate in our health plan. The death benefit under these policies equals the employee's annual salary, up to a maximum of \$100,000 and a minimum of \$50,000. These benefit programs are comparable to those provided at other large companies. They are designed to provide certain basic quality of life benefits and protections to our employees and at the same time enhance our attractiveness as an employer.

The Company's portion of the cost of health and welfare benefits provided in the 2007 fiscal year for the Named Executive Officers was as follows:

2007 Benefits

Officer	Cost to Company of Active Benefits
CEO	\$6,682
COO	\$6,682
CFO	\$6,682
Secretary	\$6,682

The 401(k) contribution and the payment of life insurance premiums are ratified by the Committee and the Board of Directors in January of the year following the year for which they were made. The Board of Directors approves the annual ESOP contribution, if any, in October of each year.

All employees may elect to continue participating in our health benefit plan following their retirement, but they must pay 100% of the premium cost.

Table of Contents

In rare instances, we have continued, because of the applicable circumstances, to pay the base salaries of certain key employees for a short period of time after their deaths. None of those employees served at any time as an executive officer of Sanderson Farms, and there can be no assurance that the Committee would recommend or the Board of Directors would agree to make such payments in the case of an executive officer in the future.

Perquisites

We provide certain perquisites to our executives, which consist primarily of personal use of our Company aircraft by the CEO and his immediate family and the related tax liability. This perquisite provides flexibility to the CEO and increases travel efficiencies, allowing more productive use of executive time, in turn allowing greater focus on Sanderson Farms-related activities. The Company also permits the COO and CFO to use Company aircraft in times of family or other emergencies. In some cases, the Company also permits and pays for the Named Executive Officers spouses to accompany them on the corporate aircraft. We also reimburse the CEO for the cost of the preparation of his annual income tax return. The amounts of these perquisites are ratified by the Committee and the Board of Directors in January of the year following payment. More detail on our perquisites may be found in the narrative following the Summary Compensation Table, below.

Stock Ownership Guidelines

In October 2004, the Committee recommended and the Board of Directors adopted non-binding stock ownership guidelines for our directors and management, in an effort to encourage increased ownership of our Company by the Board and key employees. We believe that these guidelines are reasonable to achieve and will be a long-term benefit to all of our stockholders by helping to align management and stockholder interests. They also encourage directors and officers to hold purchased shares and vested option shares, restricted stock and performance shares, as applicable, for long-term investment. Stock ownership includes stock owned directly, indirectly through the 401(k) plan or Employee Stock Ownership Plan, restricted stock, and earned or unearned performance shares. The guidelines are based on a multiple of base salary or director's fees at 2005 levels, and are set forth in the table below:

Stock Ownership Guidelines

Position	Average Base Salary or Director's Fee	Desired Ownership Multiple	Number of Shares (assuming \$45 per share)¹
CEO	\$ 800,000	6	107,000
COO, CFO	\$ 300,000	4	27,000
Secretary	\$ 170,000	3	11,000
Director	\$ 20,000	10	4,000

¹ In setting ownership guidelines in 2004, the committee used \$45 per share, which was the share price at the time. The numbers were rounded to the nearest one thousand shares.

It is Sanderson Farms' policy that our directors and all employees, including the Named Executive Officers, not trade their Sanderson Farms stock, other than shares underlying options, on a short-term basis (i.e., shares must be held for a minimum of six months). Additionally, employees and directors may not purchase Sanderson Farms stock on margin, nor may they buy or sell put or call options linked to Sanderson Farms stock.

Tax and Accounting Considerations

For income tax purposes, we may not deduct any portion of compensation that is in excess of \$1 million paid in a taxable year to the CEO, CFO, COO and Secretary, unless that compensation qualifies as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended. Some of the components of our executive compensation, such as the Bonus Award Program and certain awards that we could make under the Stock Incentive Plan, may not qualify as performance-based compensation. While the Committee generally strives to structure employee compensation in order to preserve maximum deductibility, it may from time to time recommend non-performance based awards that would vest and result in the recognition of income to an employee in a taxable year greater than \$1 million, resulting in a loss of the deduction. We do not anticipate, however, that compensation for any employee under the Company's current compensation program, or under the Stock Incentive Plan, would result in a material loss of tax deductions.

In the first quarter of our 2006 fiscal year, we adopted Revised Statement of Financial Accounting Standards No. 123, Share-Based Payment (FAS 123(R)). FAS 123(R) requires all share-based payments to employees, including grants of employee stock options, restricted stock and performance shares, to be recognized in our income statement based on their fair values. Before the adoption of FAS 123(R), we accounted for share-based payments to employees using an intrinsic value method and, therefore, we generally recognized no compensation cost for employee stock options. Based upon the provisions of FAS 123(R), we are required to accrue stock based compensation expense as it is earned. This change in accounting rules has influenced the Committee to recommend restricted stock and performance share awards in lieu of option awards. Other factors that have made restricted stock and performance share awards more attractive than option awards include their generally smaller dilutive effect and the performance incentive they provide even in times when our stock price is depressed.

Evaluation of Executive Performance in Fiscal 2007

In evaluating the performance of the individual Named Executive Officers before setting compensation, the Committee and the Board of Directors do not rely solely on predetermined formulas. Rather, they focus on those officers' individual objectives. The Committee evaluates the CEO's performance in consultation with the Board, and it evaluates the other Named Executive Officers with the input of the CEO.

In 2007, the Committee and the Board based their decisions for fiscal 2008 compensation on the assessment of the Company's fiscal 2007 performance and the Named Executive Officers' objectives and strategies, as follows:

We increased our production capacity during fiscal 2007 by over 12%.

Management continued to effectively plan, recommend and execute our strategic focus on growth in the most profitable market segments of the industry.

Management completed construction of a new facility in Waco, Texas during fiscal 2007 that will add almost 20% in additional capacity when fully operational, and that facility was completed on time and on budget.

We added production capacity at our Collins, Mississippi plant, which included a significant expansion of our grower base and assets.

We brought online a new feedmill at our Collins, Mississippi facility, which was completed on time and on budget.

Our performance relative to our peers improved during the fiscal year in almost all respects, especially in live production and processing, with the end result being improved overall performance versus the industry.

Table of Contents

We achieved margins per chicken sold that placed us in the top 30% of the industry, and our operating and net margins more than doubled those of our closest public peer.

Our shares increased in value during the fiscal year.

Despite difficult market conditions for our input costs (corn and soybean meal), our performance relative to our peers in terms of cost ended the year in the top 25% of the industry.

Performance on an earnings per share basis improved from a loss position in fiscal 2006 to above average earnings during fiscal 2007.

In setting fiscal 2008 salaries, the committee also considered the fact that the CEO, COO and CFO had all requested that they not be considered for a merit salary increase for fiscal 2007. Based on the assessment detailed above, the Committee recommended and the Board approved the following elements of compensation for fiscal 2008:

Fiscal 2008 Compensation Actions

Position	Salary	Grant Value of Restricted Stock Awards	Grant Value of Target Performance Share Awards
CEO	\$ 1,023,240	\$ 0	\$ 0
COO	\$ 527,256	\$ 135,000	\$ 405,000
CFO	\$ 459,840	\$ 135,000	\$ 405,000
Secretary	\$ 217,656	\$ 35,000	\$ 65,000

Elements of compensation paid for the 2007 fiscal year are set forth in the Summary Compensation Table, below.

Director Compensation

The Nominating and Governance Committee is charged with recommending all cash and non-cash compensation of our non-employee directors. Our non-employee directors receive cash fees for their service on the Board and its committees as set forth below:

Director Cash Fees

	Prior to November 1, 2007	After November 1, 2007
Annual Stipend	\$ 20,000	\$ 20,000
Each Board of Directors meeting attended	\$ 6,000	\$ 6,000
Each telephonic Board of Directors or Board committee meeting attended	\$ 1,000	\$ 1,000
Each committee meeting attended not in conjunction with a Board meeting	\$ 6,000	\$ 6,000
Received annually by Audit Committee Chair	\$ 1,000 per meeting	\$ 10,000 annually
Received annually by other committee chairs	\$ 1,000 per meeting	\$ 6,000 annually

In an effort to increase stock ownership by directors, the Nominating and Governance Committee recommended, and the Board approved, the award of 3,000 shares of restricted stock to each non-employee director in March 2005. Those shares will generally vest on the date of our annual stockholders meeting in 2008, as long as the director serves continuously on the Board through that date. The Nominating and Governance Committee also recommended that, beginning with our 2006 annual meeting of stockholders, non-employee directors receive an additional grant of 3,000 shares of restricted stock each time they are elected or reelected to the Board. The Board followed this recommendation in 2006 and 2007 and it expects to continue to grant those awards in the future. Restricted stock granted to non-employee directors upon their election or reelection generally vests upon the expiration of the director's term, as long as the director has served continuously on the Board through the vesting date.

At its meeting held October 24, 2007, the Committee received a report from Watson Wyatt regarding compensation of our non-employee directors. Watson Wyatt's market survey conducted at the committee's request found that cash compensation paid to our non-employee directors for board service is competitive in the marketplace. The only change Watson Wyatt recommended was to change the manner in which committee chairs are paid from a per-meeting fee to an annual stipend. With respect to the non-cash compensation, Watson Wyatt reported that the Company's equity grants are below those paid by the Company's peer group and below the market generally. As a result, Watson Wyatt recommended that the grants of restricted stock to each non-employee director awarded at the time of their election or re-election be increased from 3,000 shares to 5,000 shares. The committee accepted this recommendation, to begin with the 2008 annual shareholders' meeting.

In January 2007, the Board of Directors, on the recommendation of the Nominating and Governance Committee, determined that Donald W. Zacharias, who had served on the Board since 1988, had become "disabled" as that term is defined in his restricted stock agreement from March 2005. As a result of that determination, Dr. Zacharias' shares of restricted stock became immediately vested. In February 2007, Dr. Zacharias retired from service as a director at the expiration of his term.

Non-employee directors may participate in the Management Share Purchase Plan by deferring up to 100% of their director fees toward the purchase of restricted shares of Sanderson Farms common stock. The Company matches 25% of the director's contribution to purchase additional restricted shares. Restricted shares held through the plan generally vest on the third anniversary of their acquisition by the director, as long as he or she has served on the Board continuously through that date.

Non-employee directors may also participate in the Company's medical plan, but they must pay 100% of the premium cost with after-tax dollars. No non-employee directors currently participate in the plan.

More information about the actual compensation paid to non-employee directors is set forth in the Director Compensation table, below.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis section of our 2008 Proxy Statement. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in our Proxy Statement for 2008.

¹ The estimated payments shown reflect the potential amounts that could have been earned under our fiscal 2007 Bonus Award Program. The actual amounts earned are shown in the Summary Compensation Table, above. For a discussion of how bonus awards for future fiscal years will be determined, see CD&A section, above.

² The estimated payouts shown reflect the number of shares of stock that potentially could be paid out for performance shares granted in fiscal 2007 under our Stock Incentive Plan upon the achievement of specified performance criteria at the end of the performance period.

³ Consists of shares of

restricted stock granted pursuant to the matching contribution provisions of our Management Share Purchase Plan. Participants under the plan purchase restricted shares of Company stock on the last business day of each calendar quarter with deferred salary, or on our annual bonus payment date with deferred bonus amounts, as described in the CD&A section, above. We match 25% of the participant's contribution in additional restricted shares on each purchase date. In fiscal 2007, Messrs. Butts and Cockrell purchased 582 and 439 shares, respectively, under the plan that are not reflected in the table above that had a grant date fair value of \$30.29 and \$41.25 per share, respectively.

Table of Contents

Performance shares granted for the 2007 fiscal year are subject to a three-year performance period. The number of shares actually paid out depends on our achieving certain prescribed levels of return on equity and return on sales, as described above in the CD&A section.

Shares of restricted stock granted as matching contributions under our Management Share Purchase Plan are subject to a three-year vesting period starting on the date they are acquired by the participant. The participant must remain continuously employed by us during the vesting period.

See the Potential Payments Upon Termination or Change-in-Control section, below, for a discussion of the impact of a change in control of our Company and certain other events, including competitive activity, on an officer's unearned performance shares or restricted stock. Dividends are paid at rates applicable to all our stockholders on performance shares once they are earned. Dividends (at normal rates) are paid on shares of restricted stock as soon as the shares are issued to the officer.

Amounts awarded for fiscal 2007 under our Bonus Award Program were determined by reference to our earnings per share and operational performance versus our peers as described in the CD&A section, above. A participant must have been employed in a designated position at Sanderson Farms for nine months before the end of the fiscal year, and must have been employed on October 31 of the applicable fiscal year, to receive a bonus. However, if a Bonus Award Program participant dies, becomes disabled or retires before the end of the fiscal year, and if the participant had been employed at Sanderson Farms in a designated position for at least nine months, he or she will still receive a bonus award for the fiscal year (assuming the performance criteria are met). See the Potential Payments Upon Termination or Change-in-Control section, below, for a discussion of the impact of certain events on a participant's annual bonus award.

For fiscal 2007, salary accounted for the following percentage of each officer's total compensation:

Name	Salary as a Percentage of Total Compensation
Mr. Sanderson	36.5%
Mr. Butts	45.0%
Mr. Cockrell	50.0%
Mr. Grimes	52.7%

The performance periods for performance shares end on the dates shown below.

Grant Date	Performance Period Ends
11/28/2005	10/31/2008
11/30/2006	10/31/2009

Restricted shares held in the Management Share Purchase Plan are purchased by the participant on the last business day of each calendar quarter with deferred salary. A participant may also defer a portion of his or her bonus to purchase restricted shares through the plan on the bonus payment date. We match 25% of the participant's contribution in additional restricted shares that we issue simultaneously with the purchased shares. Each share of restricted stock held in the plan vests fully on the third anniversary of its acquisition by the participant as long as the participant remains continuously employed by us, subject to certain exceptions that are described below under Potential Payments Upon Termination or Change-in-Control.

Potential Payments Upon Termination or Change-in-Control

We have no employment or severance agreements with the Named Executive Officers providing for payments to them at, following or related to the termination of their employment at Sanderson Farms, whether their employment is terminated by resignation, severance, retirement, disability, a change in control of our Company or a change in the officer's responsibilities. However, our annual cash bonus and Stock Incentive Plan awards provide for certain such payments in the circumstances described below. Except as described below, the Named Executive Officers receive no payments upon the termination of their employment or a change in control of Sanderson Farms that are not received by all salaried employees generally.

Table of Contents

Annual Cash Bonus Awards

If a Bonus Award Program participant dies, becomes disabled or retires before the end of the fiscal year, and if the participant had been employed in a designated position at Sanderson Farms for at least nine months, he or she will still receive a cash bonus award for the fiscal year (assuming the performance criteria are met). The participant's base salary during the portion of the fiscal year in which he or she was employed in the designated position is used to calculate the amount of the bonus award.

Restricted Stock

Restricted stock with a 10-year vesting period

If a holder of restricted stock terminates employment with Sanderson Farms because of his death, disability or retirement, in each case occurring five years or more after the grant date, or if a change in control of our Company occurs, all unvested shares of restricted stock become fully vested.

Restricted stock with a four-year vesting period

If a change in control of our Company occurs before the end of the restriction period, all shares of restricted stock become fully vested.

Shares Held in the Management Stock Purchase Plan

If an employee dies, retires or becomes disabled, or if there is a change in control of Sanderson Farms, in each case before the end of the restriction period, all unvested shares of restricted stock held through the plan become fully vested. If an employee's employment terminates for any other reason, then any unvested shares we granted to the employee through matching contributions are forfeited, and we have the right to repurchase all shares that the employee purchased through the plan with deferred salary or bonus at the price the employee paid for them.

Performance Shares

If a holder of unearned performance shares dies, retires, or becomes disabled, or if there is a change in control of Sanderson Farms, the holder is entitled to receive a pro rata portion of the number of performance shares he would have been entitled to in proportion to the number of months he was employed during the performance period, assuming the performance criteria are met.

If the Board of Directors determines that a holder of restricted stock or performance shares has engaged in certain competitive activity against us while employed by us or during the two years after the holder's voluntary termination or termination by us for cause, then he or she forfeits all unvested shares of restricted stock and all unearned performance shares. If restricted shares have already vested or performance shares have been earned, the holder must repay us the fair market value of the shares on their grant or issue date, respectively. In the case of shares purchased through the Management Share Purchase Plan, we have the right to repurchase those shares at the price paid by the holder.

The following tables show the payments that the Named Executive Officers would be entitled to in the event of (a) a change in control of Sanderson Farms, on the one hand, and (b) the officer's death, disability or retirement on the other hand, in each case assuming such event occurred on October 31, 2007.

For a description of cash fees paid to non-employee directors, see the CD&A section, above.

All restricted stock held by non-employee directors will fully vest in the event of a change in control of our Company. Additionally, all restricted stock held by non-employee directors will become fully vested if the director dies, becomes disabled, or, for shares held in the Management Share Purchase Plan, if the director retires at the completion of his term of service.

INDEPENDENT AUDITORS

Ernst & Young LLP, New Orleans, Louisiana, were the independent auditors for the Company during the fiscal year ended October 31, 2007. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting. The representative will have the opportunity to make a statement at the meeting if he desires to do so, and will be available to respond to any appropriate questions.

Fees related to services performed for the Company by Ernst & Young LLP in fiscal years 2007 and 2006 are as follows:

	2006	2007
Audit Fees	\$ 480,895	\$ 462,000
Audit-Related Fees	37,580	9,325
Tax Fees	87,426	192,830
All Other Fees	0	0
 Total	 \$ 605,901	 \$ 664,155

Audit Fees include amounts paid for the audit of the Company's annual financial statements, reviews of the financial statements included in the Company's Forms 10-Q and other regulatory filings, and audit procedures performed with respect to the Company's internal control over financial reporting, as required by Sarbanes-Oxley Act Section 404. Audit-Related Fees include fees for the audit of the Company's benefit plans and accounting consultations related to financial accounting and reporting standards, and Tax Fees consists of amounts paid for tax compliance, advice and planning, which include the

preparation and filing of required federal and state income and other tax forms. The Audit Committee has considered whether the provision of services by Ernst & Young LLP for the Company other than audit services is compatible with maintaining Ernst & Young LLP's independence, and has concluded that it is compatible.

The Audit Committee preapproves all auditing services and permitted non-audit services (including the fees and terms of those services) to be performed for the Company by its independent auditor prior to engagement, subject to the de minimus exceptions for non-audit services permitted by the Securities Exchange Act of 1934 which are approved by the Audit Committee prior to the completion of the audit. The Audit Committee may form and delegate authority to subcommittees of one or more Audit Committee members, including authority to grant preapprovals of audit and non-audit services, provided that any decision of that subcommittee to grant preapproval is presented to the full Audit Committee at its next scheduled meeting. For fiscal 2007, the Audit Committee pre-approved all non-audit services performed by the independent auditors.

The Audit Committee of the Company's Board of Directors has selected the firm of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending October 31, 2008. Stockholder approval and ratification of this selection is not required by law or by the By-Laws of the Company. Nevertheless, the Board has chosen to submit it to the stockholders for their approval and ratification as a matter of good corporate practice. Of the shares represented and entitled to vote at the Annual Meeting (whether in person or by proxy), more votes must be cast in favor of than votes cast against the proposal to ratify and approve the selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending October 31, 2008, in order for this proposal to be adopted. The Proxyholder named in the accompanying proxy card will vote FOR the foregoing proposal unless otherwise directed therein. Abstentions will not be counted either as a vote FOR or as a vote AGAINST the proposal to ratify and approve the selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending October 31, 2008. Broker non-votes will be treated as not present for purposes of calculating the vote with respect to the foregoing proposal, and will not be counted either as a vote FOR or AGAINST or as an ABSTENTION with respect thereto. If more votes are cast AGAINST this proposal than FOR, the Board of Directors will take such decision into consideration in selecting independent auditors for the Company.

The Board of Directors recommends a vote FOR the approval and ratification of the selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending October 31, 2008.

OTHER MATTERS

As of the date of this Proxy Statement, the Board of Directors knows of no matters likely to be brought before the Annual Meeting other than those set forth in the Notice of the Meeting. If other matters properly come before the Meeting, each Proxy will be voted in accordance with the discretion of the Proxyholder named therein.

STOCKHOLDER PROPOSALS

Procedure

The Company's By-laws provide that stockholders may nominate individuals for election as directors from the floor at any annual or special meeting of stockholders called for the election of directors only if timely written notice of such nomination has been given to the Secretary of the Company. To be timely, such notice must be received at the principal office of the Company no later than the close of business on the 15th day following the day on which notice of the date of the meeting is given or made to stockholders in accordance with the By-laws. The By-laws specify what such a notice of such nomination must include. In addition, the By-laws set forth the procedure that must be followed by stockholders to properly bring a matter before a stockholders' meeting. If a stockholder wishes to bring a matter before the meeting that has not been specified in the notice of the meeting, the stockholder must deliver written notice of said stockholder's intent to bring the matter before the meeting of stockholders so that the notice is received by the Secretary of the Company no later than the close of business on the 15th day following the day on which notice of the date of the meeting is given or made to stockholders in accordance with the By-laws. The By-laws also specify what such a notice must include.

2008 Annual Meeting

A stockholder who intends to present a proposal, which relates to a proper subject for stockholder action, at the 2009 Annual Meeting of Stockholders and who wishes such proposal to be considered for inclusion in the Company's proxy materials for such meeting must cause such proposal to be received, in proper form, at the Company's principal executive offices no later than September 27, 2008. Any such proposals, as well as any questions relating thereto, should be directed to the Company to the attention of its Chief Financial Officer. Any proposal submitted after September 27, 2008 shall be considered untimely and will not be considered for inclusion in the Company's proxy material for the 2009 Annual Meeting.

METHODS AND COST OF SOLICITING PROXIES

The Proxy card enclosed with this Proxy Statement is solicited by and on behalf of the Board of Directors of the Company. In addition to solicitation of stockholders of record by mail, telephone or personal contact, arrangements will be made with brokerage houses to furnish proxy materials to their customers, and the Company will reimburse them for their mailing expenses. Custodians and fiduciaries will be supplied with proxy materials to forward to beneficial owners of common stock. Whether or not you expect to be present at the Annual Meeting, please sign, date and return the enclosed Proxy card promptly. No postage is necessary if mailed in the United States. The cost of solicitation, including the preparation, printing and mailing, is being paid by the Company.

ADDITIONAL INFORMATION AVAILABLE
