REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator
of the Employee Savings Plan for Salaried
Employees (sponsored by The Goodyear Tire
& Rubber Company)

In our opinion, the accompanying statement of net assets available for plan benefits and the related statement of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the Employee Savings Plan for Salaried Employees (the "Plan") (sponsored by The Goodyear Tire & Rubber Company) at December 31, 2003 and December 31, 2002, and the changes in net assets available for plan benefits for the year ended December 31, 2003 and for the one day plan period ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and in our opinion, is fairly stated in all material respects in relations to the basic financial statements taken as a whole.

EMPLOYEE SAVINGS PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND DECEMBER 31, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The accounts of The Goodyear Tire & Rubber Company Employee Savings Plan for Salaried Employees (the "Plan") are maintained on the accrual basis of accounting and in accordance with The Northern Trust Company (the "Trustee") Trust Agreement, effective as of November 1, 1995.

PLAN YEAR

The Plan Year is a Calendar year. Effective December 31, 2002, the Plan was amended to change the plan year-end from December 30 to December 31 of each year.

TRUST ASSETS

Savings plans sponsored by The Goodyear Tire & Rubber Company and certain subsidiaries (the "Company") maintain their assets in a master trust (the "Commingled Trust") administered by the Trustee. The Company sponsored two savings plans at December 31, 2003 and December 31, 2002, respectively, that participated in the master trust. The Plan's undivided interest in the trust is presented in the accompanying financial statements in accordance with the allocation made by the Trustee.

ASSET VALUATION

The majority of the assets of the Plan are valued at fair market value. Investments in the Goodyear Stock Fund are valued at the last reported sales price on the last business day of the month. If no sales were reported on that date, the shares are valued at the last bid price. Investments held in the Stable Value Fund are invested in various instruments that have a rate of return, and are reported at contract value (See Note 9). Investments in the Conservative Asset Allocation Fund, Moderate Asset Allocation Fund, Aggressive Asset Allocation Fund, S&P 500 Index Stock Equity Fund, Small Capitalization Stock Equity Fund, Large Capitalization Stock Equity Fund, International Stock Equity Fund, and Self-Directed Account are valued based on units of participation in commingled funds or mutual funds as reported by the fund manager, which approximates fair market value. The allocation of assets, interest and dividend income, and realized and unrealized appreciation and depreciation is made based upon contributions received and benefits paid by each participating plan on a daily basis.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND DECEMBER 31, 2002

INCOME RECOGNITION

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

Employer and employee contributions are recognized in Plan assets on the accrual basis of accounting.

Dividend income is recorded on the ex-dividend date.

Interest income is recorded as earned.

Appreciation or depreciation on Goodyear common stock distributed to participants is the difference between the weighted average cost and the current market value at the time of distribution.

CONCENTRATION OF CREDIT RISK

The Stable Value Fund of the Plan invests part of the fund in investment contracts of financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that maintain safety and liquidity (See Note 9).

The Goodyear Stock Fund invests primarily in the Common Stock of Goodyear. Significant changes in the price of Goodyear Stock can result in significant changes in the Net Assets Available for Plan Benefits.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and related notes to financial statements. Changes in such estimates may affect amounts reported in future years.

RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

2. GENERAL DESCRIPTION AND OPERATION OF THE PLAN:

INCEPTION

The Plan is a defined contribution plan, which became effective July 1, 1984.

ELIGIBILITY

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

All salaried, hourly, and U.S. expatriate employees, including officers, of the Company are eligible to participate in the Plan as of the first enrollment date after completing three months of continuous service with the Company. At December 31, 2003 and December 31, 2002, approximately 15,600 employees (16,700 in 2002) of the Company were eligible with approximately 11,200 employees (12,500 in 2002) participating in the Plan.

VESTING

Employee contributions are fully vested. Employer matching contributions become vested after the participant has completed three years of continuous service with the Company.

CONTRIBUTIONS

Eligible employees may elect to contribute any whole percent from 1% to 50% of earnings, including wages, bonuses, commissions, overtime and vacation pay into the Plan. In addition, the Plan permits catch-up contributions by participants who have attained age 50 by December 31 of each year subject to certain limitations under the Internal Revenue Code. Participating employees may elect to have their contributions invested in the Stable Value Fund, Conservative Asset Allocation Fund, Moderate Asset Allocation Fund, Aggressive Asset Allocation Fund, S&P 500 Index Stock Equity Fund, Small Capitalization Stock Equity Fund, Large Capitalization Stock Equity Fund, International Stock Equity Fund, Goodyear Stock Fund, and Self-Directed Account or in any combination of these ten funds in multiples of 1%. The Company calculates and deducts employee contributions from gross earnings each pay period based on the percent elected by the employee. Employees may change their contribution percent any time up to the 15th day of the month for changes to be effective on the 1st day of the following month. Employees may transfer amounts attributable to employee contributions from one fund to the other on a daily basis. Eligible employees may enroll in the Plan effective on the 1st day of the month by enrolling by the 15th day of the prior month. Employees may suspend their contributions at any time effective immediately.

The Plan has been established under section 401 of the Internal Revenue Code. Therefore, employee and employer contributions to the Plan are not subject to federal withholding tax, but are taxable when they are withdrawn from the Plan.

THE GOODYEAR TIRE & RUBBER COMPANY
EMPLOYEE SAVINGS PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2003 AND DECEMBER 31, 2002

The Board of Directors of the Company determines the matching percent used as the employer contribution for each Plan year. Effective January 1, 2003, the Employer Matching Contributions were suspended; on the same date, any participant who has a vested interest in the Goodyear Stock Fund attributable to Matching Employer Contributions (or a Beneficiary with respect to any such participant) may elect at any time to transfer all or a portion of the vested interest to another investment fund.

The Plan provides the Company the ability to establish a minimum contribution level for each Plan year. The minimum contribution level is

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

first satisfied from employee contributions and the remainder is satisfied by employer contributions. In the event the minimum contribution level exceeds the sum of the employee contributions and employer matching contributions, the excess is allocated to the participants' accounts to the extent permitted. The remainder is held in a suspense account, which is applied to reduce employer contributions in the following Plan years. On May 20, 2003 the Plan was amended to remove the minimum contribution provisions effective December 31, 2002.

PROMISSORY NOTES

Eligible employees may borrow money from their participant accounts. The minimum amount to be borrowed is \$1,000. The maximum amount to be borrowed is the lesser of \$50,000 reduced by the highest outstanding balance of any loan during the preceding twelve month period, or 50% of the participant's vested account balance. Participants may have up to two loans outstanding at any time. The interest rate charged will be a fixed rate that will be established at the time of the loan application. The interest rate at the beginning of 2003 Plan year was 5.25%, which decreased throughout the year to 5.00% at December 31, 2003. The interest rate in effect for the one day plan period ended December 31, 2002 was 5.25%.

Loan repayments, with interest, are made through payroll deductions. If a loan is not repaid when due, the loan balance is treated as a taxable distribution from the Plan.

ROLLOVERS

Employees, Plan participants, or former Plan participants may transfer

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

eligible cash distributions from any other employer sponsored plan qualified under Section 401 of the Internal Revenue Code into the Plan by a direct transfer from such other plan.

EXPENSES

Expenses of administering the Plan were paid partly by the Company and partly by the Trust. The payment of Trustee's fees and brokerage commissions associated with the Company Stock Fund are paid by the Company. Expenses related to the asset management of the investment funds, and recordkeeping services are paid from such Funds which reduces the investment return reported and credited to participant accounts.

TERMINATION PROVISIONS

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event of termination, the obligation of the Company to make further contributions ceases. All participants' accounts would then be fully vested with respect to Company contributions.

The Trustee serves as the fund manager of the S&P 500 Index Stock Equity Fund.

The Goodyear Stock Fund is designed primarily for investment in common stock of the Company.

5. LITIGATION:

On October 22, 2003, the Company announced that it would restate its financial results for the years ended 1998-2002 and for the first and second quarters of 2003. Gibara, Robert W. Tieken, Robert J. Keegan, Stephanie W. Bergeron, Kathleen T. Geier, Donald D. Harper, Darren R. Wells and others asserting breach of fiduciary duty claims under the Employee Retirement Income Security Act (ERISA) on behalf of a putative class of participants in the Company's Employee Savings Plan for Bargaining Unit Employees and the Company's Employee Savings Plan for Salaried Employees.

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

The plaintiffs seek to represent a class of participants in these plans. While the Company believes the claims are without merit and intends to vigorously defend these lawsuits, it is unable to predict the outcome of these actions.
