GENERAL INFORMATION

Who may vote

Shareholders of Meridian, as recorded in our stock register on December 1, 2005, may vote at the meeting. As of that date, Meridian had 26,060,150 Commons Shares outstanding.

How to vote

You may vote in person at the meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting.

How proxies work

Meridian's Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals or abstain from voting.

If you sign and return the enclosed proxy card but do not specify how to vote, we will vote your shares in favor of our director candidates and in favor of the ratification of appointment of Grant Thornton LLP as Meridian's independent public accountants for fiscal year 2006.

If any other matters come before the meeting or any adjournment, each proxy will be voted in the discretion of the individuals named as proxies on the card.

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you hold shares through someone else, such as a stockbroker, you may get material from them asking how you want to vote.

Revoking a proxy

You may revoke your proxy before it is voted by submitting a new proxy with a later date, by voting in person at the meeting, or by notifying Meridian's Secretary in writing at the address under "Questions?" on page 18.

Quorum

In order to carry on the business of the meeting, we must have a quorum. This means at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person.

Votes needed

The six director candidates receiving the most votes will be elected to fill the seats on the Board. Ratification of appointment of accountants requires the favorable vote of a majority of the votes cast. Only votes for or against this proposal count. Abstentions and broker non-votes count for quorum purposes but not for voting purposes. Broker non-votes occur when a broker returns a proxy card but does not have authority to vote on a particular proposal.

Table of Contents

Other Matters

Any other matters considered at the meeting, including adjournment, will require the affirmative vote of a majority of the votes cast.

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

The Nominating Committee of the Board of Directors has nominated for re-election all of the following current directors: James A. Buzard, John A. Kraeutler, Gary P. Kreider, William J. Motto, David C. Phillips and Robert J. Ready.

Proxies solicited by the Board will be voted for the election of these nominees. All directors elected at the Annual Meeting will be elected to hold office until the next annual meeting. In voting to elect directors, shareholders are entitled to cumulate their votes and to give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of shares held by the shareholder, or to distribute their votes on the same principle among as many candidates as the shareholder sees fit. In order to invoke cumulative voting, notice of cumulative voting must be given in writing by a shareholder to the President, a Vice President or the Secretary of Meridian not less than 48 hours prior to the Annual Meeting. The proxies solicited include discretionary authority to cumulate votes.

Four of our six nominees are not Meridian employees. Only non-employee directors serve on Meridian's Audit, Compensation and Nominating committees. All Meridian directors are elected for one-year terms. Personal information on each of our nominees is given below.

If a director nominee becomes unavailable before the election, your proxy card authorizes us to vote for a replacement nominee if the Board names one.

**RATIFICATION OF APPOINTMENT OF ACCOUNTANTS
(Item 2 on the Proxy Card)**

Although not required, the Board is seeking shareholder ratification of the Audit Committee's selection of Grant Thornton LLP as Meridian's independent registered public accounting firm for the 2006 fiscal year. The affirmative vote of a majority of shares voting at the meeting is required for ratification. If ratification is not obtained, the Audit Committee intends to continue the employment of Grant Thornton at least through fiscal 2006.

PricewaterhouseCoopers, LLP served as Meridian's independent registered public accounting firm for fiscal 2004. On December 7, 2004 Meridian's Audit Committee dismissed

Table of Contents

PricewaterhouseCoopers LLP as the independent registered public accounting firm engaged to audit its financial statements after a review by the Audit Committee of PricewaterhouseCoopers proposed auditing and Section 404 attestation reporting charges for fiscal 2005.

On December 14, 2004 Meridian's Audit Committee engaged Grant Thornton LLP as its independent registered public accounting firm. The Audit Committee had previously reviewed proposals from Deloitte & Touche LLP, Grant Thornton LLP and Ernst & Young LLP.

PricewaterhouseCoopers' report on Meridian's financial statements for each of the last two fiscal years (2003 and 2004) did not contain an adverse opinion or a disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope, or accounting principles. During Meridian's two most recent fiscal years (2003 and 2004) and the subsequent interim periods preceding the dismissal of PricewaterhouseCoopers, there were no disagreements with PricewaterhouseCoopers on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of PricewaterhouseCoopers, would have caused them to make a reference to the subject matter of the disagreement(s) in connection with its report. Meridian authorized PricewaterhouseCoopers to respond fully to any inquiries by Grant Thornton.

PricewaterhouseCoopers did not advise Meridian either during its two most recent fiscal years (2003 and 2004) or during the subsequent interim periods preceding Meridian's decision to dismiss PricewaterhouseCoopers: that the internal controls necessary for Meridian to develop reliable financial statements did not exist;

that information had come to its attention that had led it to no longer be able to rely on management's representations, or that had made it unwilling to be associated with the financial statements prepared by management;

of the need to expand significantly the scope of its audit, or that information had come to its attention during the two most recent fiscal years or any subsequent interim periods that if further investigated might materially have impacted the fairness or reliability of either: (i) a previously issued audit report or the underlying financial statements, or (ii) the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report, or have caused it to be unwilling to rely on management's representations or be associated with Meridian's financial statements; or

that information had come to its attention that it had concluded materially impacts the fairness or reliability of either (i) a previously issued audit report or the underlying financial statements, or (ii) the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report, including information that, unless resolved to the accountant's satisfaction, would prevent it from rendering an unqualified audit report on those financial statements.

Table of Contents

During the two most recent fiscal years (2003 and 2004) and during the interim period prior to engaging Grant Thornton, neither Meridian nor anyone on its behalf consulted Grant Thornton regarding either: (i) the application of accounting principles to a specified transaction (either completed or proposed) or the type of audit opinion that might be rendered on Meridian's financial statements, and no written report or oral advice was provided to Meridian that Grant Thornton concluded was an important factor considered by Meridian in reaching a decision as to an accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of either a disagreement or a reportable event.

PricewaterhouseCoopers furnished Meridian with a letter addressed to the Securities and Exchange Commission related to the disclosures in our Current Report on Form 8-K filed with the Commission on December 13, 2004. The letter was filed as Exhibit 16 to Form 8-K/A on December 22, 2004.

CORPORATE GOVERNANCE

Meridian is an Ohio corporation and, therefore, is governed by the corporate laws of Ohio. Since its Common Shares are publicly traded on Nasdaq and it files reports with the Securities and Exchange Commission, it is also subject to NASD rules as well as various provisions of federal securities laws.

Governance of the corporation is placed in the hands of the directors who, in turn, elect officers to manage the business operations. The Board oversees the management of Meridian on your behalf. The following directors meet the NASD requirements for independence: David C. Phillips, James A. Buzard, Robert J. Ready and Gary P. Kreider. The Board reviews Meridian's long-term strategic plans and exercises direct decision making authority in all major decisions, such as acquisitions, the declaration of dividends, major capital expenditures and the establishment of company policies.

During fiscal 2005, the Board of Directors met on eleven occasions and took action by writing on three occasions. Meridian expects all directors to attend shareholders' meetings. Each director attended the 2005 Annual Shareholders Meeting, all meetings of the Board and all meetings of Committees of which he was a member, except that Gary P. Kreider was unable to attend the Annual Meeting of the Directors and Shareholders because he was out of the country at the time and James A. Buzard was unable to attend the July 20, 2005 meetings due to delays in air travel. Shareholders may communicate with the full Board or individual directors on matters concerning Meridian by mail or through our website in each case to the attention of the Secretary.

Non-employee directors of Meridian receive \$20,000 per year for serving as a director and as members of committees of the Board. They also receive \$1,500 for each meeting of the Board and \$1,000 for each committee meeting attended. They receive \$750 for each Board meeting and \$500 for each committee meeting held by telephone. The Audit Committee Chairman receives an additional \$8,000 annually and the Compensation Committee Chairman receives an additional \$3,000 annually. The Board Secretary receives an additional \$1,000 for serving at each meeting of a committee of which he is not a member. Each non-employee director is also granted a non-qualified option to purchase 3,476 shares of Common Stock at the time of election or re-election to the Board of Directors, with the exercise price being the closing sale price on Nasdaq reported on the date of grant. Directors who are employees of Meridian are not separately compensated for serving as directors.

At its meeting on July 24, 2003, the Board adopted the Audit Committee Charter and a Code of Ethics for Meridian's officers, directors and employees. On November 10, 2005, the Board approved certain amendments to the Audit Committee Charter. The amended and restated Audit Committee Charter is attached to this Proxy Statement as Appendix A. The Code of Ethics will be sent without charge to any shareholder who sends a request to Meridian's Secretary.

The independent directors plan to meet at least one time, during fiscal 2006, without the presence of management directors. The independent members of the Board had one such meeting in fiscal 2005.

Table of Contents

The directors have organized themselves into the committees described below. Each of these committees is composed entirely of non-employee directors who meet the relevant independence requirements established by Nasdaq and the Sarbanes-Oxley Act that apply to their particular assignments. Meridian does not have an Executive Committee of its Board of Directors.

The Audit Committee is composed of David C. Phillips, Chairman, James A. Buzard and Robert J. Ready. Each member is able to read and understand fundamental financial statements. David C. Phillips has been designated as the Audit Committee financial expert as that term is defined in SEC regulations.

The Committee oversees the accounting and financial reporting processes of Meridian and the audits of its financial statements by its independent registered public accounting firm. The Committee is solely responsible for the appointment, compensation, retention and oversight of Meridian's independent registered public accounting firm. The Audit Committee also evaluates information received from Meridian's independent registered public accounting firm and management to determine whether the independent registered public accounting firm is independent of management. The independent registered public accounting firm reports directly to the Audit Committee.

In addition, the Audit Committee has established procedures for the receipt, retention and treatment of complaints received by Meridian concerning accounting, internal accounting controls or auditing matters and has established procedures for the confidential and anonymous submission by employees of any concerns they may have regarding questionable accounting or auditing matters.

The Audit Committee, or its Chairman, approves all audit and non-audit services performed for Meridian by its independent registered public accounting firm before those services are commenced. The Chairman reports to the full Committee at each of its meetings regarding pre-approvals he made since the prior meeting and the Committee approves what he has done between meetings. For these purposes, the Committee or its Chairman is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate timeframe and proposed cost arrangements for that service.

The Audit Committee met seven times and took no actions in writing during fiscal 2005. The Committee has submitted the following report to shareholders.

REPORT OF THE AUDIT COMMITTEE

On August 19, 2005, the Committee met with representatives of Grant Thornton, LLP and Meridian's internal accountants and reviewed with them the proposed 2005 Audit Plan, areas warranting particular concentration on the audit and the effects of new accounting pronouncements. The Grant Thornton representatives reviewed with the Committee written disclosures required by the Independence Standards Board Standard No. 1 regarding independence of the registered public accounting firms and presented a letter regarding that matter to the Committee.

At its meeting on November 10, 2005, the Committee reviewed with management, Grant Thornton, and Meridian's accounting officers the results of the audit for fiscal 2005, including the audited financial statements. The Committee reviewed the requirements of its Charter

Table of Contents

previously adopted and the reports that were required to be disclosed to the Committee. The Committee discussed with Grant Thornton the matters required to be discussed by Statement on Auditing Standards No. 61. As part of its deliberations, the Committee discussed with Grant Thornton their independence and determined that Grant Thornton was independent of Meridian.

The Committee met on December 5, 2005 to review a draft of the Form 10-K. Based on their review, the Committee recommended to the Board of Directors that the audited financial statements of Meridian be included in its Annual Report on Form 10-K for the year ended September 30, 2005 for filing with the Securities and Exchange Commission. During its meetings, the Committee reviewed procedures related to the receipt, retention and treatment of any complaints concerning accounting, internal accounting controls or auditing matters. Also during its meetings, the Chairman of the Audit Committee reported to the full Committee the independent accountants' fees that had been preapproved and the Committee approved such fees. Certain fees were preapproved by the full Committee. The Committee also reviewed the requirements and Meridian's progress in implementing the requirements of Section 404 of the Sarbanes-Oxley Act.

Respectfully submitted,

Audit Committee

The Compensation Committee is responsible for establishing compensation for executive officers. This includes establishing salary levels and bonus plans, making bonus awards and otherwise dealing in all matters concerning compensation of the executive officers. The Committee also awards stock options for all employees. Meridian's Compensation Committee is composed of Messrs. Kreider (Chairman), Buzard, Phillips and Ready.

The Compensation Committee met two times and took action in writing on one occasion during fiscal 2005.

The report of the Compensation Committee follows.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee is responsible for setting salaries and establishing and maintaining bonus plans for executive officers. It also administers and grants awards under Meridian's 2004 Equity Compensation Plan. Salaries are set on a calendar year basis and therefore salaries paid in the first three months of each fiscal year beginning October 1 are set in the prior year. A significant portion of compensation for fiscal 2005 was in the form of performance bonuses, as is noted in the Summary Compensation Table. The bonuses in the Summary Compensation Table for fiscal 2005 were based upon the achievement of earnings levels starting at \$10,300,000, which was substantially in excess of fiscal 2004 earnings of \$9,185,000. Options granted for fiscal 2005 to

Table of Contents

executive officers and business unit leaders were based upon the achievement of net earnings in fiscal 2005 of at least \$10,800,000. If that earnings level had not been met, the options would have become void. Since the earnings level was met, those options run for a period of ten years from grant and vest over a three year period that commences with the announcement of fiscal 2005 results. The Committee believes that these plans for bonuses and options effectively tied a significant portion of each executive's total pay package to Company performance in fiscal 2005.

The Committee met on November 10, 2005 to set compensation for 2006. No members of management participated in this meeting and the only persons present were the Committee members. Salary increases of 5% were awarded to all executive officers, with the exception of Messrs. Motto and Kraeutler, reflecting the Committee's favorable view of the performance of the management team in fiscal 2005. Mr. Motto recommended that Mr. Kraeutler's increase be 10% in view of the outstanding results the Company had achieved in fiscal 2005 and Mr. Kraeutler's additional efforts in Meridian's equity offering and its acquisition of OEM Concepts. There was no recommendation as to Mr. Motto's salary, but the Committee determined that his compensation should also be increased 10% because of his efforts in leading the Company through the outstanding year and his work in the equity offering and the OEM acquisition. In making its decisions on salary, the Committee had available benchmarks prepared by the Company's outside financial advisor showing salary ranges for various levels of executives in the industry and in the Cincinnati area. The Committee also reviewed a tabulation of all total compensation paid to each executive officer in salary, bonus, allowances, profit sharing contribution and miscellaneous items in making their decision. The Committee believes that its performance based plans with respect to bonuses and options for executive officers have worked well for the Company, even in circumstances such as fiscal 2002 in which no bonuses were awarded and options were forfeited because the minimum earning levels were not met in that year.

At its November 10, 2005 meeting, the Committee also reviewed the Company's results and the application of the 2005 Bonus Plan and objectives established for the previous year. The Committee approved the bonus awards pursuant to that Plan in the amounts shown in the Summary Compensation Table.

At the same meeting, the Committee established an Officers' Compensation Plan for fiscal 2006. The Plan follows the format of prior years' plans with bonuses based upon the achievement of earnings levels. For fiscal 2006 the minimum earnings level was set at \$16,100,000, which is a meaningful increase from the \$12,565,000, which Meridian earned in fiscal 2005. The Plan covers six possible steps ranging from \$16,100,000 to \$17,600,000. In addition to the net earnings test, the bonuses are to be based on ratings of personal achievement, which are then applied to any bonuses earned. Depending on net earnings levels achieved and the application of personal achievement ratings, cash bonuses available to each individual covered by the Plan could range from 5% to 120% of the individual's base salary. Options were also awarded to each executive officer to purchase 10,500 shares of common stock at a price of \$21.01 per share pursuant to the 2004 Equity Compensation Plan. These options will become void if net earnings for fiscal 2006 are less than \$16,950,000, but if that level is reached, the options will be for a period of ten years and vest over a three year period commencing with the announcement of fiscal 2006 results. The earnings test for both the bonus and option plans excludes positive and negative effects associated with extraordinary developments as defined in the Plan, including adjustments for acquisitions and other matters.

Table of Contents

The Committee believes that its plans will ensure that if the executive officers receive meaningful bonuses and the options granted in November 2005 vest, it will be because their efforts, individually and as a team, will have enabled Meridian to achieve significant increases in net earnings for the benefit of all shareholders.
